EDUCATION

University of Waterloo

(Sep 2024 - Apr 2029)

Bachelor of Computer Science and Finance Double Major (CFM) | *President's Scholarship of Distinction*

EXPERIENCE

Royal Bank of Canada (RBC) | Pension Reporting Analyst

(May 2025 - Aug 2025)

- Compiled reports for the pension accounts of **500+** domestic and **100+** international clients, totalling **\$250b+**. Managed asset portfolios including real estate, private equity, pooled funds, and mutual funds
- Ensured compliance with service level agreements, achieving **98% accuracy** and **97%** timeliness
- Collaborated with a team of **50+** to process **\$9 billion** of transactions following a critical system failure

Oakville Centre For Vision | Software Engineer

(May 2024 - Sep 2024)

- Created a web platform using **C# Monogame** and **Python** for eye-tracking goggles to analyze vision patterns in professional athletes. Translated results into clinical findings for optometrist Dr. Ronald Gall
- Focused on data analysis of **8+ tests** that examine gaze vectors for saccades, fixations, and pursuits
- Collaborated with a hardware team to modernize a **6,000+ line** codebase for improved functionality

University of Toronto Clean Energy Lab | Research Assistant

(Jun 2022 - Sep 2023)

- Applied Crystal Graph Convolutional Neural Network (CGCNN) to examine trends in chemical properties
- Analyzed results for material discovery with a focus on advancing lithium-ion alternatives for sustainable energy. Synthesized findings for the practical applications of mitigating climate change
- Presented findings to Prof. Oleksandr Voznyy and PhD students as the group's youngest member

Team Canada Debate | Member

(May 2023 - Aug 2024)

- Represented Canada as **1 of 12** debaters at the 2024 Belgrade World School Debating Championship (WSDC), honing advanced critical analysis, structured thinking, and public speaking skills
- Conducted research across politics, economics, and international relations, engaging with field experts
- Organized 5+ debate tournaments attracting **500+** participants and raising **\$10,000+** for charity

PROJECTS

- **SignWave (JamHacks Winner)**: An AI translator converting text and audio into sign language animations, improving accessibility for the deaf/hard of hearing (OpenCV, Flask, MediaPipe, Whisper)
- **EdgeFund**: A digital stock broker using statistical methods to select a stock portfolio, outperforming the TSX60 and S&P500 by more than **30% over 1 year** (Yahoo Finance, Pandas, NumPy, matplotlib)

SKILLS

- **Languages**: C/C++/C#, Python, Java, JavaScript, HTML/CSS, Scheme/Racket, LaTeX
- **Libraries**: React.js, Node.js, NumPy, matplotlib, Pandas, PyTorch, TensorFlow, Yahoo Finance
- **Certifications**: Supervised Machine Learning, Advanced Learning Algorithms, Unsupervised Learning

SELECTED AWARDS

- Canadian National British Parliamentary Debate Championship - **1st speaker & team in Canada**
- Munk Debates ReSolved Global Debate Competition - **Champion, awarded \$5,000 prize**
- JamHacks VII (largest Canadian HS hackathon) - **First Place Overall, Best Use of GitHub**
- American Invitational Math Exam (AIME) Qualifier - **Top 8% worldwide out of 300,000**
